GLACIAL RETRIEVERS

Training Program Agreement

Thank you for choosing Glacial Retrievers to train your dog. This agreement explains how our training programs work and what we need from you before your dog's first session. Please read it carefully and contact us with any questions before signing.

Our programs include gun dog training, house training, and basic obedience. Dogs train on our property and in field settings alongside other dogs, with progress updates shared throughout the program. Every dog learns at its own pace, so while we work hard toward your goals, we cannot guarantee specific results or timelines.

Your dog's health and safety come first. All dogs must be current on vaccinations and parasite prevention before starting, and we need to know about any medical conditions or behavior concerns in advance. If your dog needs urgent veterinary care while with us and we cannot reach you, we will take your dog to a licensed veterinarian at your expense.

A deposit reserves your start date and is applied to the program fee. The remaining balance is due as described in your program quote. Drop-off and pick-up must take place during our scheduled times.
